**Subject:** NWEA ESA-related claims

Heather –

A quick follow-up to let you know that the NWEA claims related to WA are broader than I remembered. We took an approval action on your aquatic life toxics criteria around 1992. I am not sure how long that list of criteria was, but the claim would relate to the whole package (and maybe for a few more we acted on in the intervening time). We owe you the broader litigation picture.

Have a great weekend.

DanO.
